

About the CTSO PowerPoint Presentations

The CTSO PowerPoint will allow teachers and students to become aware of the various youth organizations and the tremendous opportunities for students to develop and practice real world skills that they have acquired in their classroom studies. The power points provide links to state and national CTSO Web pages that will furnish teachers and students the latest information about competition, scholarships and other importation information. The leadership and teambuilding activities presentation will provide teacher activities that will help students bond and become better team members as well as officers and leaders. The basic parliamentary procedure presentation will help chapter officers understand their duties and responsibilities as well as provide a guideline for organizing and conducting chapter meetings.
