

Many times, a person who is successful in their career will often entertain the idea of becoming a teacher.

This is not an accident. The same qualities that led to your success will attract you to teaching... mainly, the desire to make a difference. If this describes you, I have important information. Now, more than ever, the demand for knowledgeable teachers is very high, particularly those who know what it takes to be successful in business and industry. And, now, more than ever, it is easier to become a certified teacher. Many on-line programs make the dream of becoming a Career and Technical Education teacher easier than you ever thought possible. Many professionals begin teaching right away, sharing their skills and knowledge, while they finish on-line teacher certification courses at home. Contact your local school district for information on how **you** can become a **Career and Technical Education** teacher.
